Stewardship

OHS Community Service Day 350 kids divided into teams at 3 different trailheads did an awesome job. Really good publicity in Valley News and in Journal Opinion

Celebrate Sean Event – very well-attended; lots of delicious food; organized by National Honor Society & parents, including Gary & Bethanne; guided hikes went to the Cabin, Devil’s Den & Sean’s Trail respectively

Race final details – Tom and Rick flagged the route today. Barbara has arranged for Bradford Fast Squad to be on-site. Tom will drop off tent, 2 canopies, 6 tables, trash cans and water jug to Gary, as Billy is not available. Sandy & Nancy will pick up and deliver 20 folding chairs on Friday. Ed will mow the grass in the parking area before Sunday. Dylan Kidder will cut grass at Gray’s Log Landing before Sunday. Ed, Gary, Riley, Barbara will help set up tent at 7 on Monday. Bethanne, Nikki & Nancy will set up food booth and registration booth. Ed will be the parking attendant

until 9-ish on Sunday. Ed will put up the BCC's sign on the BA Lawn promoting the Race Tomorrow. Road signs have not arrived yet at World Cup Supply. Nancy will pick up food from Hannaford on Friday. Nikki will make sandwiches. Nancy will pick up and deliver orange cones for Chase Hollow Road.

Update on Map/Brochure – Monique reported that the new map/brochure may be available for pick-up at Whitmans by Friday.

Conservation Fund

\$903 was raised by the Yard Sale;

Annual Appeal letter has gone out in the mail to all Bradford Postal Patrons; 250 Committee has asked if we want to have a food booth at their Craft Fair at Memorial Field in October. (possibly Maple/Apple Fritters)

Natural Resources Inventory

Martina Stever of the 250 Committee has prepared a press release that cites our June 22nd Natural Resources Inventory presentation as the kick-off for the Strawberry Festival Week. 250 Committee has pledged \$75 toward advertising of our event, and has agreed to the use of their logo.

Energy

Update on SunCommon Presentation – Sandy reported on the event and she spoke with their representative about the potential for a Municipal Solar Array that would provide power for the BA, Town Garage, Library & Schools. Discussed inviting their representative to attend our next meeting.

Other?

- Riley reminded that the Chipman bench needs to be repaired
- Riley suggested that we begin development of the Wilderness Trail over the summer
- Rick has suggested a trail that follows an old logging road between WM parcel and Bob Pierson's land.

Respectfully submitted, Nancy Jones, Acting Secretary
